Time-lapse from a balcony over the beach, 24 seconds. Sunset with pink clouds, then dusk, then the moon rises between clouds and lights a path on the sea before leaving the frame.

luna-vertical.mov · 2026-08-26 · Barcelona, Spain

The same time-lapse carrying a 90-degree rotation flag, the way a phone stores vertical video. The frame in this page must stand upright; in 1.7.x it came out sideways.
